

At Home Learning April 14th

Language Arts Ideas

Create and write down 5 questions to use in an interview with a family member or friend. Talk to, call, Facetime, or video chat with that family member or friend to conduct the interview.

Choose a topic of interest (sports, oceans, a country, etc.) to find and record information. You could make a top 5 list of cool facts about your topic, write a report, make a poster or a PowerPoint or come up with an idea of your own

Create a poster for your window with a message of hope or a thank you to essential workers.

Read a Raz-Kids story and complete the quiz that goes along with it.

Have a fun family game night, play a game of Charades by acting out different animals. Try to guess your partner's animal as quickly as you can.

Art

Create your own FACE EMOJI! Is it a funny, happy, scary expression? Have everyone in your family make their own FACE EMOJI and play guess that emoji.

Music

Ms. Leblanc's website: <https://msleblanc-elementarymusic.weebly.com/>

Math Ideas

Watch this quick video on using a ruler.

3rd Grade: Measuring in Centimetres

<https://www.youtube.com/watch?v=s5zg4G5e2aE>

Try one of the measurement scavenger hunts below, if you don't have a printer you can make your own chart by copying it on to a piece of paper. If you can't find some of the items on the list, come up with your own.

Play the Mystery Number Puzzle

<https://www.mathplayground.com/mysterynumber.html>

Remember there are lots of Math games on the class website too, including instructions for more games that you can play with cards.

S.T.E.A.M.

Have your family members each make a paper airplane, see whose design can travel the furthest. Then try some more challenges like who can land closest to a target. The video below from SciShow Kids shows how to fold paper airplanes and explains how forces help them fly.
